Early Literacy Station™

Opening the Door to A Lifetime of Learning

Version 6.0 ELS™ Head Starter English Edition Educational Content

<p><u>Reader Rabbit Toddler</u></p>  <p>Toddlers learn by observing and exploring the world around them. Reader Rabbit Toddler is a wonderful way for children to discover numbers, letters, shapes, sounds and songs.</p>	<p><u>JumpStart Advanced Kindergarten</u></p>  <p>Children find six early reading, math, music and art activities: letters sounded out and assembled, objects added and subtracted, a flower garden for sequencing, drawing and music activities.</p>
<p><u>Stellaluna</u></p>  <p>Teaches: Early reading. This beautifully illustrated story by Janelle Cannon tells the enchanting tale of a young fruit bat. Kids are introduced to differences between birds, bats and other creatures.</p>	<p><u>Sammy's Science House®</u></p>  <p>Sammy introduces early science and thinking skills with five fun-filled activities: puzzle parts, classify animals, sequence movies, adjust weather conditions and observe wild life.</p>
<p><u>La Casa de Dora</u></p>  <p>In La Casa de Dora, discover exciting games in five rooms and the backyard that develop fine motor skills, Math & Music, and intersperse the Spanish Language.</p>	<p><u>Dora's Magic Castle</u></p>  <p>Help Dora find magic keys, the Wizard's wand, and break the spell. Kids work on counting & number recognition activities; improving memory & eye-hand coordination, and discover Spanish words.</p>
<p><u>Millie's Math House</u></p>  <p>Explore numbers, shapes, patterns, addition and subtraction. Children practice math skills: building a mouse house, counting jellybeans and putting shoes on creatures.</p>	<p><u>Thinking Things: Toony The Loon's Lagoon</u></p>  <p>Teaches: logic, creativity and patterns. Six activities designed to build logical thinking abilities: compare & contrast, hypothesize & test, create & discern patterns, analyze and predict outcomes.</p>
<p><u>PEEP Floats</u></p>  <p>The animated series PEEP and the Big Wide World gives wings to innovative ideas in teaching science. Peep introduces: smells, currents, measuring, boats, exploring and more.</p>	<p><u>Kids Pix Deluxe</u></p>  <p>This creative playground supports a variety of virtual media — including traditional art tools, 3 D shapes, art music, animation and picture editing. Make slide shows and movies.</p>
<p><u>Bailey's Book House</u></p>  <p>This solid program contains seven easy-to-use early language activities with clear speech and graphics. Activities offer a nice introduction to letter sounds and words in a light context.</p>	<p><u>JumpStart Toddler</u></p>  <p>The graphics are adorable. In Grandma Duck's magical garden Children discover original songs, brightly colored screens and eight activities that introduce numbers, shapes, colors and more.</p>
<p><u>Microsoft WordPad</u></p>  <p>Microsoft WordPad is robust word processor with many of the functions and features of MS Word. Easier to use than Word, it provides children with an introduction to an industry standard.</p>	<p><u>Microsoft Calculator</u></p>  <p>Children learn to use Calculator to perform standard operations normally performed on a handheld calculator.</p>
<p><u>Encarta Dictionary</u></p>  <p>The Encarta Dictionary, an outstanding English Dictionary includes language translation for Spanish, French, Italian & German, making the ELS an outstanding ESL Tool.</p>	<p><u>Encarta kids</u></p>  <p>Encarta kids features 500 articles especially for children. With clear icons; a simplified interface, & topics kids like to search on: animals, science, games, & everyday life.</p>
<p><u>Living Books: Little Monster at School</u></p>  <p>You can have the story read to you or you can play within the story, both either in English or in Spanish. Either way, Little Monster learns ABC's, counting, science, social studies, and grows a plant.</p>	<p><u>Microsoft Paint</u></p>  <p>Microsoft Paint provides students with basic draw & paint software that is universally available. Many sophisticated graphic packages use the same principals as MS Paint.</p>
<p><u>Trudy's Time and Place House</u></p>  <p>Trudy's is a solid set of educational activities, focusing on time and geography skills. Inside Trudy the Alligator's main room, children choose from five activities, each with two ways to play.</p>	<p><u>JumpStart Phonics</u></p>  <p>The program offers twelve activities and all of the activities begin by teaching letter recognition and sounds at lower levels and progress to reading words and sentences at higher levels.</p>
<p><u>Sesame Street – Learn to Play, Learn to Grow</u></p>  <p>Sesame Street LPG focuses on early childhood learning and self-esteem. 25 engaging activities provide children ages 2-4 with Language Development, Counting, Music, Art, Shape activities.</p>	<p><u>JumpStart PreSchool</u></p>  <p>Young children are introduced to letters & numbers in dot-to-dot games & presented with letter sounds in picture/sound matching activities. Paint by matching letter, helps make letter-sound match.</p>
<p><u>On-Track Software Beginning Reading</u></p>  <p>This includes two excellent stories, a glossary and a creativity center. Beautifully illustrated, kids can hear the stories, click on words and items on each page, and link directly to a glossary.</p>	<p><u>Just Grandma and Me</u></p>  <p>Just Grandma and Me (one of the "Living Books") remains one of the best electronic storybooks. Spending a day at the beach, they ride the bus, eat hot dogs, go snorkeling and look for seashells.</p>
<p><u>Sesame Street – Let's Make a Word</u></p>  <p>Sesame Street FS is an exciting way for parents and children to interact while sing songs, play games and learn the fundamentals of language.</p>	<p><u>Flash Action Phonics Made Easy</u></p>  <p>Phonics Made Easy includes a simple, straightforward main menu from which kids can launch hundreds of quick phonics exercises from four learning areas.</p>
